Certified Hypnotherapist, Energy Healer.**

The benefits of therapeutic nutrients has been demonstrated in many different degenerative diseases. Mr. Foster will discuss the hazards of the "statin" drugs used to treat high cholesterol as well as a natural way to protect yourself from the side effects. Jay will also discuss his proven methods to control high cholesterol and reverse heart disease the natural way. The roles of Homocysteine and C-Reactive protein play in heart disease will also be explored. A question and answer session will follow the talk.

Don't miss his fascinating presentation.
