mini
camp

Come join us at the Miami Science Museum on the next Teacher Planning Day, Friday, February 18, 2011, for a special Mini-Camp for kids who took part in last summer's Energy Jam class at the Little Haiti Cultural Center.

Mini-Camp participants will take part in the unveiling of the Museum's new Energy Jam display, featuring the student projects from last summer. The day will include special tours of our Energy Tracker and Heart Smart exhibits, a Planetarium Star Show and a Live Theater Show, and time to check out the animals in our outdoor Wildlife Center.

Parents and other family members are welcome to join their kids for the day. Each family will receive a free museum membership, and each child will take home a Super Science Goodie Bag. Lunch and bus transportation will be provided.

The bus schedule is:

- 8:30 am: Bus Departs Little Haiti Cultural Center
- 9:45 am: Arrival at MiaSci
- 3:00 pm: Departure from MiaSci

To participate in this **FREE** event, please call Marie Vickles at the Little Haiti Cultural Center, at (305) 960-2969.

Please call by Monday, February 14, 2011, to reserve your spot.

See you there!
